

President's Message

After a delayed start to the Track and Field season last year, we've managed to finish off the 20/21 season strongly! Over the past month I have loved tuning into livestreams of Vic Champs, the Stawell Gift and the Australian Champs to cheer on all our Sandringham athletes from afar. Everyone's hard work and achievements this year have not gone unnoticed and we're looking forward to celebrating these at the Awards night in May.

With XCR beginning next week, the committee is making preparations to jump into a new season full steam ahead! The new track is on schedule to be delivered in mid-July; however, this may change depending on the weather so we will keep everyone updated. We'll also be rolling out some fantastic new initiatives over the coming season and bringing a fresh look to our historical club! Stay tuned!

See you around the track, *Ruby H.*

Club Roles

We're looking for new helpers for the upcoming season! If you would be interested in the roles below or know someone who would be suitable, please get in touch with Ruby Holten – 0432 580 103 or rbyholten@outlook.com for more information. It is not essential to be a member of the committee to perform these roles. It is also a great opportunity for our younger members to get recognised experience in the sport industry!

- Winter Team Manager - looks after our Sandy athletes on XC event days, submits team sheets on relay days and shares event results with the club!
- Social Media Coordinator - uses social media platforms to promote the Sandringham Athletic Club including but not limited to Facebook, Instagram, and YouTube.

AGM & Awards Night Invitation

The AGM and Awards night is scheduled for Friday 28th May 2021! We're looking forward to hosting all our members and their families at the Brighton Beach Hotel to celebrate the past season. The night will also include a two-course meal, door prizes from sponsors and a photo booth!

Tickets must be purchased via the [TeamApp event](#). If you have any questions, please contact Jo Linford - javjo27@hotmail.com

Team App

It's great to see a number of our members joining Team App. We again remind you that this will become our primary form of communication with members moving forward, so don't forget to join up. A fantastic alternative for those staying off social media!
